

CUTEK™

SAVING TIME AND MONEY

Peter Bray
Woodcare Consultancy
www.cutek.com.au

On average, CUTEK oils have double the coverage rate of other products, and take half the time to apply. When you add this to the long list of unique benefits that CUTEK has, the choice becomes obvious.

You get no overlap marks, drips or runs, and there is

no need to get down on hands and knees to apply like many pro painters suggest. You can easily apply while standing up and even cut in with accuracy when using an applicator like this one.

Other oils need to be wiped after application, but wiping is seldom

needed with CUTEK. The job is done in half the time, with professional results.

And there is no need to work CUTEK into the wood like other deck stains and oils - just lay it on and let it penetrate.

Can you afford not to use CUTEK Extreme?
